Subject: WEG Motion for Partial Summary Judgment- Denver Ozone Determination of Attainment

Good Morning,
On June 20th, WEG filed a motion for partial summary judgement regarding the ozone determination of attainment for the Denver area. EPA's response is due July 11th. We are discussing the litigation internally this week and should know more about timing regarding the determination of attainment by the attainment date by the end of the week. I will add this as an agenda topic for our monthly call next Monday but please reach out if you have any questions in the meantime.
Thank you.
